

U.S. Consulate General Ho Chi Minh City
Immigration Visa Unit
04 Le Duan Street, District 1, Ho Chi Minh City, Vietnam.

Case Number: HCM2017630011
Applicant: Ngan Thi Tran

COVER LETTER

I, Tommy Dang, am currently in Ho Chi Minh city with my fiancé to support her case. I am writing this letter to request for consideration of my K-1 fiancé petition with further evidences:

- 1) I am supposed to be teaching now but I am temporary **leaving my students** and my job at Texas Tech University (TTU) to be here with my fiancé who was completely broken down after the interview at the U.S. general consulate in Ho Chi Minh city on June 30, 2017 and had to receive emergency treatment. Please find the *letter of endorsement* from TTU in the attached documents.
- 2) Ngan has been staying with my father at 314/H2A Lac Long Quan, Ward 5, District 11, Ho Chi Minh city (please find the police verification attached) to take care of him because he is on medication (please find the X-ray scan of **my father spine** submitted together with this letter). My father got the *U.S immigration Visa* few days ago. It would be very *difficult* for me take care of my father since my job requires a lot of time and efforts (some days I am not coming back until 2am). Ngan will be a great support for me and my father so that I can focus on my teaching and researching.
- 3) I have created a **website** which contains all supporting evidences including pictures, **videos**, and our **updated** timeline. <https://tommy-dang.github.io>
- 4) More photos after the interview and my coming back on **August 2, 2017** as well as our **formal engagement** in Hamlet 6, Dien Phong, Dien Chau, Nghe An on **August 7, 2017**.

I and Ngan don't have any relatives in the United States. The fact that my father is coming with me to the U.S. is *stretching me out* since he needs someone to be home in case of **emergency** while I need to be at the school. I and my father don't even know how to cook. We both are waiting for the approval on Ngan's case so that we can return the U.S. together and I can get back to my work. We are counting every day to the final resolution of Ngan's case.

Thanks for your time and kind considerations,

Ho Chi Minh city
September 15, 2017

Tommy Dang
Assistant Professor
Department of Computer Science
Texas Tech University
